SUMMARY

Mid-Level Frontend Developer with 7+ years of experience in web design and development, including 5+ years of deep programming expertise. Specialized in React Native development and JavaScript/TypeScript frameworks (React, Vue.js), with a strong focus on creating performant and scalable solutions. Combines technical expertise with design sensibility to deliver engaging user experiences.

MICHAEL LINARES

FRONT-END DEVELOPER

Based in Poland with legal work authorization (Karta Pobytu) and basic Polish language proficiency.

My journey as a Web-Developer started when I noticed that I can bring my ideas to life and develop my knowledge in the same process.

Music, coding, naturally curious and perpetually expanding my knowledge.
